### ***Reviews***

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. \*turn of the screw\*This book includes study guide, summary, character list, themes etc., for better reading experience.\*We hope you enjoy and love reading this book.The Turn of the Screw is an 1898 horror novella by Henry James that first appeared in serial format in Collier's Weekly magazine (January 27 - April 16, 1898). In October 1898 it appeared in The Two Magics, a book published by Macmillan in New York City and Heinemann in London. Classified as both gothic fiction and a ghost story, the novella focuses on a governess who, caring for two children at a remote estate, becomes convinced that the grounds are haunted.In the century following its publication, The Turn of the Screw became a cornerstone text of academics who subscribed to New Criticism. The novella has had differing interpretations, often mutually exclusive. Many critics have tried to determine the exact nature of the evil hinted at by the story. However, others have argued that the brilliance of the novella results from its ability to create an intimate sense of confusion and suspense within the read.
